Subject: re: I am AGAINST the installation of the transformers in polk county

Dear Sir/Ma'am:

I went to your website and completed the form to file a protest against the Duke Power installation of 40 miles of transformers from Campobello SC to Asheville.

Those transformers could be placed along the I-26 corridor that is already in place.

If you put them in the middle of our beautiful pristine mountains, it will have a NEGATIVE impact on our economy, property values etc.

I am registering my vote AGAINST this proposal.

Thank you,

Kristi Hamlin

I live in Polk county - have been here for 25 years.
 I am concerned about maintaining the pristine beauty of our area.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I do not want 150 feet high transformers placed in the beautiful mountains of Polk county.
 They (the transformers) would have a negative impact on our local economy.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
